Wright Township 2022 Budget

Background

Wright Township is located in the mountains of Luzerne County, PA between the cities of Wilkes-Barre and Hazleton. The population is 5,651. The township has 27.37 miles of township roads, 13.49 miles of state roads and 8.9 miles of county roads.

Wright Township provides full time police protection and roads/public works, as well as planning/zoning, recreation, recycling. The Township emergency services are provided by a volunteer fire department and the non-profit Mountaintop Community Ambulance Association.

The Township has a 35-acre recreation park consisting of playground, basketball and tennis courts, baseball field, sand volleyball court, soccer complex and walking trail.

Wright Township is home to the Crestwood Industrial Park and the Crestwood School District High School. The 1,050-acre Crestwood Industrial Park consists of twenty-five manufacturing and warehousing companies and employs approximately 2,150. Also in the Crestwood Industrial Park is compost recycling center (sponsored by the Mountaintop Area Council of Governments). The school district employs approximately 315 and serves 3,021 students drawing from a region of approximately 24,850 people.

Budget Purpose

The purpose of the Township Board of Supervisor's budget is to provide a guideline for the upcoming 2022 calendar year with regard to spending. The budget highlights financial goals and plans for the coming year. It is also the legal authorization for the Township government to expend money during the budget year for specific purposes. The Board Supervisors are committed to administering the township in the most cost-effective manner possible to meet community needs. The budget is presented on the cash basis of accounting.

Police Pension Fund	134,835	155,022	137,742	300,277

Budget Narrative

The 2022 Wright Township Proposed Budget is respectfully submitted to the Board of Supervisors and residents of Wright Township.

The 2022 General Fund Operating Budget calls for revenues and expenditures of \$2,255,487 as compared to the 2021 budget with revenues and expenditures of \$2,151,331 which is an increase of approximately \$104k. There will be no property tax increase for 2022. Wright Township property tax rate will be .8 mills for general purposes and .2 mills will be a dedicated fire tax for a total 1 mill property tax.

The change in revenue is an increase of approximately \$106k. The increase is primarily due to an increase in projected earned income tax (\$150k). Wright Township has been experiencing steadily increasing earned income tax collections for 2021. Per the tax collector, all signs point to a recovery from any declines projected due to the impact of COVID. In 2021, revenues from earned income tax were budgeted to account for a presumed 10% revenue decline due to COVID. Additional projected increases include a \$9k increase in property tax collections as compared to prior year budget to put the budget in line with the actual collection trend. Projected decreases in revenue as compared to prior year budget are expected in real estate transfer tax (\$25k); prior year adjustments (\$27k); sale of fixed assets (\$25k). Real estate transfer taxes for 2021 actual collections were high due to a large amount of commercial property sales. The Township does not anticipate this high level of activity again in 2022. Prior year adjustments budget for 2021 included a one-time refund of health care premiums based on adjustments to the premium by the vendor. No refunds are projected for 2022 in this line item. The decrease in budget for sale of fixed assets is due to a one-time sale of back hoe in 2021.

Wright Township 2022 Budget

The General Fund Budget expense increased approximately \$104k as compared to prior year budget. Projected expense increases include increase in officer's salaries (\$33k); increase in health care buyout (\$29k); park consultant expense for master plan (\$19k); MS-4 costs (\$18k); increase in Department of Public Works equipment rental line item (\$15k). The officer salary line item reflects the fact that the 2021 budget only included 6.5 FTE (due to retirement) and the 2022 budget contains 7 FTE. The increase in health care buyout expense is due to a change in the number of employee's receiving the buyout as well as increase cost. There is no corresponding decrease in health care premium expense as the premium expense increased 10% for 2022. The master plan consultant is a one-time match for a grant for 2022. The Municipal Separate Storm Sewer System (MS-4) cost is related to stormwater management compliance requirements. The increase in Department of Public Works rental equipment is due to planned street sweeping (\$10k) and paver rental (for paving repairs on South Church Road). Expense decreases include reduction in the minimum municipal obligation police pension contribution (MMO)(\$30k) and worker's compensation insurance of (\$24k). The decrease in MMO is due to changes in staffing which impact the calculation. Worker's compensation insurance cost has declined due to a change in insurance providers resulting in lower premiums.

The Township has several proposed capital projects for 2022.

Due to COVID, Local Share Grant account funding was delayed and the Township has two paving projects pending that were unable to be completed in 2021. These projects consist of paving work in Maplewood and Deer Run. As the price of materials and services has been increasing the scope of these projects will be adjusted accordingly, however bid documents are prepared and ready to be issued for spring.

The Township also has received a multi-modal grant to make safety improvements to Park Road including a pedestrian/bike lane as well as other improvements.

In 2022, the Township will also complete the play area project with improvements to the parking lot and ADA pathway to the equipment. The Township intends to continue improvements in the park and is also undertaking a master plan study which includes public input as to amenities for the park.

The Township has applied for two local share account grants for 2022. One project is paving of Fox Run and the other project is for site improvements to the municipal building.

The Township received approximately \$294k of American Rescue Plan Act funding in 2021 and has appointed a committee to make recommendations to the Board of Supervisors for use of these funds.

All capital projects including road work to be performed in 2022 are contingent on successful funding in relation to actual cost. The Township intends to diligently pursue grant opportunities for 2022.

Wright Township 2022 Budget

Budget Assumptions

Level of services to stay the same.

Full time staffing to remain consistent 7 Police, 4 Department of Public Works and 2 Admin.

Capital budget is balanced using fund balance (net assets) from 2021.

Replacement for police car for 2021.

Capital expenditures will include road work funded by grants and liquid fuel funds.

No debt to be incurred

Prior Year Accomplishments

Despite the challenges of COVID, the Township was able to provide services and complete projects in 2021.

In addition to providing 24-hour police service, road maintenance, repair and plowing, curbside leaf pickup, and on-site recycling - Wright Township did a major drainage project on Yorktown (replacement structure for stormwater management) and a major drainage project in the Maplewood development.

Other projects included purchase of play equipment for installation in 2021 and the start master planning process for the park. Work continues on complying with the unfunded MS-4 storm water mandate. A grant funded purchase of a leaf vacuum truck was completed in 2021.

The Township hired one full time police officer and one full time department of public works employee to replace two retired employees.
